CONCEPT NOTE

[NEP – ORIENTATION & SENSITIZATION]

VISION

To build competencies in the faculty and research scholars for better teaching, learning and research by exposing them to Indian values, updating knowledge and skills, and aligning teaching, learning and research with the needs of society and NEP 2020.

CONCEPT NOTE

NEP 2020 emphasizes the creation of motivated, energized, and capable faculty. The Capacity building of teachers at all levels has been one of the major thrust areas in the field of higher education. Existing mechanisms for capacity building of faculty, i.e., UGC-HRDCs and PMMNMTT centers have contributed immensely towards training faculty of Higher Education Institutions to provide more effective teaching; however, continuous Professional development of faculty in all disciplines is required in light of new and updated methods of pedagogy. Thus Malaviya Mission is proposed by restructuring/reframing of the existing Scheme/Mechanism of the Capacity Building/Training of Teacher/Faculty in Higher Education. The Mission envisages Capacity-building training for the faculty and staff across higher educational institutions, in the light of NEP-2020 within two years through multiple training centers. The outcome of this capacity-building training will be the metamorphosis of higher education in terms of Indian values, teaching, research, publication, patents, and institutional development

A two-week online capacity-building program (NEP-Orientation and Sensitization Programme) for faculty members and research scholars has been meticulously designed to align with NEP 2020's key features. It prioritizes the continuous professional development of faculty and research scholars, offering a forward-looking orientation across various themes. These themes encompass holistic education, Indian knowledge systems, academic leadership, governance, research, skill development, inclusivity, technology integration, learning outcomes identification, and assessment. In addition to faculty development, the program highlights faculty's role in institutional development, a crucial aspect of enhancing the quality of higher education. It recognizes the need for student-centric initiatives tailored to their unique needs, further underlining the commitment to a holistic learning ecosystem. The training content balances an India-centric ethos with a global perspective, equipping faculty with Indian values and modern technologies to address the evolving landscape of higher education.

OBJECTIVES OF THE SCHEME

The salient objectives of the scheme in alignment with NEP 2020 are:

- Improving the quality of Education at all levels by infusing quality and excellence in our teachers and teaching.
- To develop innovative teaching method and high-level institutional facilities in all the constituent areas of higher education.
- To impart pedagogy-related training and improve faculties' soft and practical skills.
- To ensure holistic development of the teachers and learners with inculcation of ethics and human values as enshrined in Indian culture.
- To develop multidisciplinary and critical thinking ability.
- To familiarize the faculty with the Indian Knowledge Systems.
- To build respect for the eco-balance and biodiversity existing in the nature.
- To undertake quality research in line with the local, national, and global needs.
- To make it known that higher education is for social upliftment and inclusiveness.
- To develop the know-how to prepare transformative pedagogy with ICT intervention.
- To build life skills and global citizenship values.
- To ensure the role of faculty as active participants in institution building.
- Improve the quality of teaching and empower Faculty members through training, induction, refresher and short term programs and ensure their continuous professional development.

PROPOSED OUTCOME OF THE SCHEME

- Faculty members will get trained to impart holistic education, imbibing the ideals of India centric ethics and human values.
- Teachers and Learners will acquire the concept of the Indian Knowledge System and apply it in real life for the advancement and creation of knowledge.
- The learners would be able to generate new ideas/materials with a multidisciplinary and cross disciplinary thinking approach.
- The learners will develop critical thinking and problem solving skills in a socio- cultural milieu.
- The learners will develop respect for the preservation of biodiversity.
- The learners will get inclined towards conducting quality research to solve local, national, and global problems through innovation and entrepreneurial skills.
- The learners would become reflective practitioners.
- The learners will develop the capacity to integrate ICT tools into the learning process.
- The faculty will realize its role in institution building.

EQUIVALENCE

The NEP Orientation and Sensitization Programme shall be considered equivalent to One Week FDP/STP for regularization/ CAS.
